2018 - 2019

Welcome to Wagner University!

Inspired in 1998 by a prophetic word from Cindy Jacobs, C. Peter Wagner, built upon his legacy of developing world changers by creating Wagner Leadership Institute (WLI). In 2010 Dr. Wagner appointed Dr. Che Ahn as the International Chancellor and under his leadership WLI spread into numerous regional schools throughout the U.S. and into 11 nations. In 2017, WLI became Wagner University (WU). Today, Dr. Che Ahn continues to lead WLI into a new paradigm for unique training in practical ministry. Unlike traditional seminaries, WU focuses on equipping 'in-service' leaders with a creative, revelatory style of teaching and learning, as well as impartation and activation, with opportunity for hands-on, practical application and ministry. Our cohorts and hybrid study options allow you to work as you go, enabling you to earn a ministry degree from anywhere in the world in under 24 months.

About Us

Vision

Christ Himself gave apostles, prophets, evangelists, pastors and teachers, to equip His people for works of service, so that the body of Christ may be built up until we all reach unity in the faith.

Mission

To ignite and train generations of revivalists and reformers to bring about a global movement of transformation. (Ephesians 4:11 -13, Matthew 28: 18-20)

History

Inspired in 1998 by a prophetic word from Cindy Jacobs, C. Peter Wagner, built upon his legacy of developing world changers by creating Wagner Leadership Institute (WLI). In 2010 Dr. Wagner appointed Dr. Che Ahn as the International Chancellor and under his leadership WLI spread into numerous regional schools throughout the U.S. and into 11 nations. In 2017, WLI became Wagner University (WU). Today, Dr. Che Ahn continues to lead WU into a new paradigm for unique training in practical ministry. Unlike traditional seminaries, WU focuses on equipping 'in-service' leaders with a creative, revelatory style of teaching and learning, as well as impartation and activation, with opportunity for hands-on, practical application and ministry.

Faculty

Our successful faculty of internationally-known leaders minister powerfully as apostles, prophets, evangelists, pastors and teachers. Through WU's creative, revelatory atmosphere of teaching, you can embrace the leader you are called to be. Receive living impartation and activation from the Holy Spirit to walk in your divine destiny through our transformational leaders and learn how to impact the seven mountains that influence our world – to transform nations and establish the glory of God's kingdom on this earth.

Statement of Faith

Wagner University positions itself in the evangelical theological stream of Protestant Christianity. We adhere to the Apostles' Creed and to the core doctrines of the Protestant Reformation, namely the ultimate and essential authority of the Scriptures for Christian faith and practice, justification by faith, and the priesthood of all believers. We believe that God is Father, Son, and Holy Spirit, that Jesus was born of a virgin, that He was physically raised from the dead, and that an individual's personal relationship to Jesus Christ as Lord and Savior

determines that individual's eternal destiny in heaven or in hell. The fulfillment of Jesus' Great Commission to make disciples of all nations is central to the focus of Wagner University.

Core Values

The Day of the Saints – WU believes in the ministry of the saints, meaning every believer is called to do the work of God's kingdom, whether in the church, workplace or other individual spheres of influence. There is no dividing line between the pulpit and pew – we are one in the Body of Christ.

Impartation & Activation – WU's training equips students with knowledge, revelation, and anointing to go forth in power. This impartation comes from God and flows through our seasoned faculty (mothers and fathers in the Kingdom), who minister to students out of their ascension gifts. As impartation occurs, we are dedicated to activating and releasing students in the flow of God's anointing.

Maturity – Our goal is for all students to be conformed to the image of Jesus Christ, as demonstrated by the degree to which we express His character, power and love. We acknowledge that spiritual maturity and becoming more like Christ is a process. We seek to grow in a deeper, more intimate walk with the Lord, knowing we are perfected, transformed and matured in His presence.

Spirit of Excellence – Our desire is to glorify God in all we do by serving the Body of Christ with a Spirit of Kingdom excellence as we advance God's Kingdom here on earth.

Educational Principles

WU's educational principles can be summarized as two equations;
 $2+5=7$ and $5+7=12$

(2) means the restoration and reviving of 2 missing functions in the five-fold governance structure: Apostles and Prophets, as mentioned in 1 Corinthians 12:28 and Ephesians 4:11.

(5) means the restoration of apostolic governances through training and equipping the body of Christ to function in their 5-fold ascension gifts and callings.

(7) means the whole society that is described in the 7 mountain strategy, encouraging believers to take dominion in all areas of society, for total societal transformation and the fulfillment of the Lord's Great Commission . These seven mountains are business, government, media, art and entertainment, education, the family and religion.

(12) means government and authority in the Scripture: Jesus Christ has the Lordship over all heaven and earth. He is the King of kings and the Lord of lords.

However, Wagner University is registered in Colorado Higher Education as an exempted religious institution approved to offer degrees. Wagner University is also a member of ACEA (Apostolic Council of Educational Accountability). ACEA is a network of Christian educators and Christian training programs & schools that exists to provide an alternative to secular accreditation, through both credibility through accountability and credibility through association. More information about ACEA can be found at www.acea-schools.org. WU does not ordain students but believes spiritual coverings should come through the students nuclear or extended church leadership.

The New Student Instruction Guide (given upon acceptance to the University) instructs students regarding information for their online student account, updating their profile, how to participate in online discussion, how to post written assignments, and how to follow the weekly study assignments.

As a technological requirement, each student must have a computer and the ability to surf the internet. Students are also expected to have downloaded the application for group collaboration and webinar purposes. Each student can also use the WU app on their smartphone to access the online courses and fulfill all assignments except submission of the written assignment. There are no other special applications or particular software necessary.

Degree Programs

Currently, Wagner University offers the following degree programs; Bachelors of Applied Ministry, Masters of Apostolic Leadership and Applied Ministry and Doctorate of Apostolic Leadership and Applied Theology.

Courses are structured in a four pillar road map model. Our hybrid study model includes an online as well as onsite study format. Students will complete seven or 8 core courses online as well as three required face-to-face residential trainings. Elective courses are taken during the second year of the program and an elective list will be given for each student to make their own selections.

Regarding residential study, students are required to gather together for a 4-day community training session twice a year. This provides personal interaction with the professors, impartation and community contact within cohorts. Students are informed of residential trainings three months ahead of time and are required to cover their own travel and accommodations.

To be eligible for graduation, students are required to complete the 4 pillar road map of each program which takes as little as 20-24 months finish. In addition, in order to graduate financial account balances must be paid in full.

Academic Community

Each student belongs to an assigned community based cohort that stays together to start and finish the completion of their studies at the same pace. There is no set academic calendar. Study progress will vary from cohort to cohort. Therefore, based on the four pillar model, there is no semester concept in this roadmap. Each course is about 8 weeks in length.

A Cohort is made up of 15-20 students led by an instructor/facilitator. Cohort students may come from different parts of the country at this time. Within a given cohort, students follow the 24-month roadmap at the same pace. Courses are not offered at an individual pace with the exception of elective courses. Each cohort will have a monthly cohort meeting via online meeting software such as Zoom, lasting about 2 hours in length. Connection within a cohort is also maintained through their specific social media group page to facilitate communication.

Courses have 4-6 discussion questions on given weeks and two written assignments to be completed in the middle/end of the course. For each week, students average six hours of study. DQ's (discussion questions) are to be completed by the Thursday of the week they are assigned followed by at least three DQ responses, which are due by Saturday of that same week.

Catalog as a Guide

The catalog provides students with the best information available concerning the University and its programs at the time of publication. While every effort is made to provide accurate and up to date information, the University reserves the right to change without notice statements in the catalog regarding policies, academic offerings, standards of conduct, and charges for tuition and fees. Since the University continually modifies and improves the curriculum to meet the needs of students, the catalog serves not only as a guide, but as an agreement between the student and Wagner University.

A student who enrolls in the University will be allowed to graduate under the academic requirements in the academic catalog published at the time of his or her initial enrollment or selection of a degree program, as long as the student has maintained continuous enrollment. A student who has not taken a course or been enrolled for 366 days must re-apply for admission and complete a degree program as offered on the WU website at the time of re-enrollment.
